ABOUT US

Orion Maritime is an accredited training provider under Malaysia Marine Department and HRD Corp. We are the Corporate Member of the Institute of Chartered Shipbrokers, Singapore branch and our commercial courses are acknowledged by the institute.

Our maritime training courses focus in bridging the gap between the Maritime and Non-Maritime Practitioners, as well as reducing the gap between experienced industrial professionals and maritime university graduates. Following Twelfth Malaysia Plan (RMKe-12), we promote Life-Long Learning (LLL) courses to improve the quality of Malaysian maritime industry that able to compete internationally.

Unlock your potential with our dynamic training courses and elevate your understanding via our Bridge Ship Simulator. We welcome all the professionals from support, operational, and management levels, whether from maritime or non-maritime backgrounds.

BRIDGE SHIP SIMULATOR

by WÄRTSILÄ

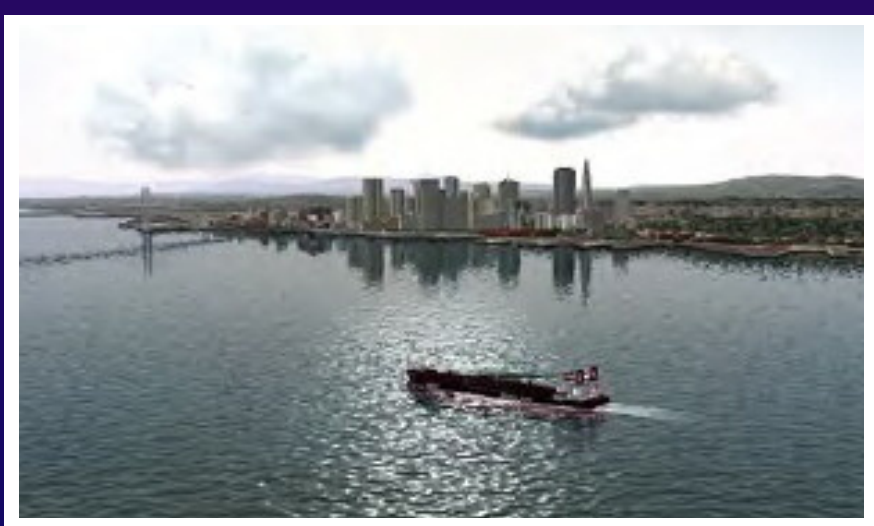

The creation of a specialized simulator tailored for 140 units of Own Ship Model and 330 units of Target Ship Models, testing autonomous ships and navigation algorithms through precise digital twin and advanced sensor technology marks a significant milestone in the realm of maritime technology.

Our simulator has a wide range of applications, including projects like port design, fairway design, ship modeling, and incident investigation. It also assists operators and crew in practicing new interfaces before sea trials.

Sailing Area Library

Covering 35 area in major port and shipping route
